Motion was made by Keith Conrad to table the Leander Construction Contract Extension. Rod Hill seconded the motion. Motion passed with a unanimous vote.

Discussion was held on the 2018 Pool Season. Mike Bender commented that due to the number of lifeguards that applied, and the cracking floor that the city should close the pool for the 2018 season. He stated that the Pool Committee should take the time to make a plan of what to do with the pool. It gives the city time to have someone come and take a look at the state of the pool. Rod Hill asked Kevin Slaubaugh if he thought there would be more issues with the pool if left sitting for another year. Slaubaugh had the pool winterized last fall and commented that he didn't think that there would be any other problems – there are already problems that need to be fixed.

Hill also stated that he doesn't want to see the pool close, but it can be a year of seeing if the community misses having a pool and if they want to vote on a new one. Keith Conrad asked for Mary Pat Redlinger, Keota Pool Manager, to comment. She stated that last summer there were issues with the floor and kids getting their feet cut. Concrete around the pool is uneven and is a tripping hazard. She doesn't want to see the pool close, but there are safety issues. The pool cannot operate with only 5 lifeguards if the council is wanting to keep it running the same as last year with morning swim, water aerobics, lessons, and open swim. Scott Westendorf stated that if we open it becomes a liability because of the state of the pool floor. Matt Greiner stated that he doesn't want to see the pool close, but with the safety of the pool floor and the number of lifeguards that applied it looks like it needs to close. Let the people of Keota decide what they want with a bond issue.
